

Diluitore gravimetrico DILU FLOW PRO 5kg a pompa singola (502105) INTERSCIENCE

Codice Articolo: 22.8978.99

Breve descrizione del prodotto:

Diluitore gravimetrico DILU FLOW PRO 5 kg a pompa singola INTERSCIENCE

Informazioni aggiuntive:

- Alimentazione/Consumo (V/Hz/W): 100-240/50-60/-
- Dimensione (LxPxH mm): 310x415x375
- Peso (kg): 12,5
- Sistema: a 1 pompa

Descrizione

The Dilu**Flow Elite** automatically dilutes a solid sample in seconds, with the appropriate weight of diluent, up to a total weight of 5 kg. Its full traceability enables the recording of all operations. It is programmable and connectable for up to 6 diluents and offers the best solution to dilute any type of sample.

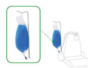

- 225 mL in 8 seconds
- Dilution factor: 1/2 to 1/1000, customizable fractions

- Dilution accuracy: > 99 %*
- Max weight: 5000 g
- Max number of pumps: 2 integrated + 4 external
- Bi-directional LIMS connection: file sharing or web service
